I use several online professional labs depending on final product desired. For online presence, images are uploaded to petebachelorphotography.com. You may view your images, select your print size and order high-quality professional prints directly from the site. Your family and friends may view the images on line at petebachelorphotography.com where they too can choose their favorite photographs. The lab offers secure, convenient, online ordering.

All photography assignments require nonrefundable retainer to secure date. Booking goes to first retainer received. A contract is created tailored to the specific needs of the client.
